

*L9000 is a smart lock with embedded fingerprint recognition technology. It uses antitheft mortise with one latch and two deadbolt, which you can lock the deadbolt from both inside and outside for more security. It also has three unlocking ways - fingerprint, password, mechanical key.*

- *With the new generation fingerprint recognition algorithm*
- *Smart anti-theft mortise with one latch and two deadbolt*
- *Idle handle design to prevent from forcible entry*
- *OLED display screen with visual menu*
- *Sliding metal cover to protect OLED screen and fingerprint sensor*
- *Turn handle upward to lock deadbolt*
- *Smart alarm for low battery & illegal operation*
- *Data upload/download via USB port*
- *Support passage mode - Normal Open*

# L9000

## SPECIFICATION

<b>Material</b>	<b>Zinc Alloy</b>
Fingerprint Capacity	500
Password Capacity	100
Log Capacity	30000
Communication	USB flash disk
Options	Remote Control Key
Operating Temperature	0°C - 45°C
Power Supply	4×AA Alkaline Battery
Backup Unlock	9V Battery & Mechanical Key
Door Thickness	60-75 mm (standard)
	45-60 mm (optional)
	75-90 mm (optional)
